

# Spa Covers

The Perfect Fit

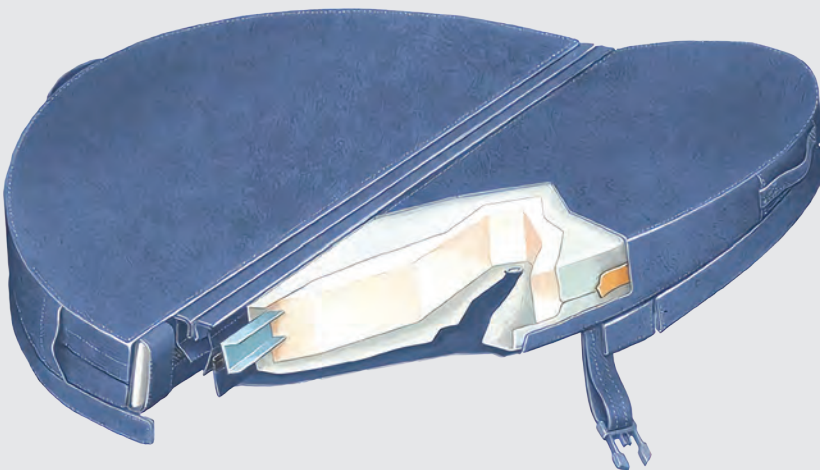

The finest selection of spa covers  
for all sizes and styles.

# Who we are

Core is the world's leading spa cover manufacturer that serves OEMs, distributors and national retailers. We utilize the best technology, processes and materials available to ensure that our customers receive the highest quality

## SPA COVERS THAT ARE MADE TO LAST.

- Premium marine-grade vinyl is treated with mildew and UV inhibitors.
- High efficiency EPS Foam provides a stronger and more energy efficient cover.
- Scientifically formulated plastic is far more resistant to water vapor transmission than ordinary plastic.
- Double stitching, 40-point reinforcement and high quality zippers address every stress point.
- All covers undergo stringent quality assurance.
- All covers come with a limited 3-year warranty.

## THE BEST SELECTION AND SERVICE.

- All dealers have access to an online ordering and tracking system that provides the largest selection of spa covers.
- 18 designer colors provide lasting beauty for any décor.
- All shapes and sizes available.
- The most advanced machines are used to cut all materials for perfect adherence to specifications.
- Competitive lead times from East and West Coast distribution centers.
- Highly trained and caring customer service team.

products and the most competitive lead times. In addition to manufacturing spa covers for all shapes and sizes, we can also sew virtually any medium to heavy weight fabric; allowing us to make a wide-range of patio and custom products.

## ENVIRONMENTALLY-FRIENDLY AND ENERGY EFFICIENT.

- Made with 100% recyclable materials.
- Specially designed end-pillows and custom seals keep water warm and prevents evaporation.
- Core's Vapor Lock Seal plastic is 4x more effective in inhibiting moisture absorption than ordinary seals.
- Heat Seal Gasket retains heat and moisture, regardless of the outside temperature.

## SAFETY AND SECURITY THAT YOU CAN COUNT ON.

- All covers come with locking hardware.
- Tie-down straps and triple reinforced fasteners prevent unwanted cover removal.
- Highly trained Core craftsmen supervise the entire manufacturing process.
- Every Core cover meets or exceeds all safety requirements and carries the ASTM Certificate of Product Compliance.
